

# A Stitch in Time

## Meet the Family....

In keeping with tradition, we would like to introduce you to another member our office "family," **Karin Rokicki, Medical Asst and Patient Coordinator.**

Karin has been in the medical field for 12 years and has worked for Dr. Shenko for 8 1/2 years (his entire professional career!). She is the author of this newsletter, and according to Dr. Shenko "pretty much excels in anything she puts her mind to!"

Originally from Chicopee, she lives in Sturbridge with her husband and 4 year old daughter. She enjoys football, cooking, and spending time with friends and family.

## Eye-yey-Eye

After years of daily sun exposure, pollution, poor diet, etc. the skin begins to change and may show signs of aging as early as your late 20's! The eyes are often the first part of the face to show this change...baggy lids, crows feet and dark circles plague the best of us.

SkinCeuticals eye products are formulated to stimulate collagen, smooth fine lines and boost the skin's ability to repair damage caused by sunlight, pollution, and loss of moisture as we age.

**Eye cream:** For early signs of aging; combats puffiness and dark circles.

**\$48.00**

**Eye Balm:** For mature, dry skin. Contains soy, vitamin E and natural anti-inflammatory agents to smooth lines

**\$56.00**

Sale prices effective March 1, 2007 thru April 30, 2007
